A DANGEROUS ADVENTURE

Synopsis

Thirteenth Episode

In the Tigers' Lair.

Mac and the driver of the motorcycle are surrounded in a strange village by tigers released from the chief's temple where Brandon looks on with Ubanga. While Brandon gloats over his work, one of Col. Harrison's tanks comes into the scene and the tigers scatter in terror before the huge motor. The boys are rescued and start on their way. The chief now summons his natives to battle and they attack the men in the tank but are overcome and the tank continues on its way.

Brandon and natives start out for Tomikey. Natives warn Brandon of approach of motor; Brandon places a mine in the path of the motor and the tank is nearly wrecked while Brandon escapes. But the tank wobbles as it starts on its way; as it nears the top of a precipice, the machinery goes wrong and the tank goes over into a ravine where the occupants are surrounded by tigers.

The end.
